UNITED STATES MINT

# 2012 INFANTRY SOLDIER SILVER DOLLAR

On June 14, 1775, the Second Continental Congress authorized the formation of 10 companies of light infantry, creating the first elements of what we now know as the United States Armed Forces. From the beginning, the Infantry has borne the brunt of sacrifice for securing and protecting the freedoms of this Nation, our friends and allies. The Infantry is the "boots on the ground," armed with both rifle and bayonet, and owns the last 100 yards of the battlefield. The Infantry's seven values mirror the Army's: honor, integrity, duty, selfless service, personal courage, loyalty and respect.
